RE: Water Quality/Service Issues

DATE: May 29, 2025

Please be advised that on Wednesday, May 28th, 2025, there was a water main break on Maple Street that the Town of Greenburgh repaired. Due to the water main break, the water quality may be affected. If your water is brown, please run it for a few minutes before using in sinks/tub/shower.

We apologize for the inconvenience and thank you for your cooperation.

Thank You,

Maintenance Department
